Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been using compounded
natural hormones for nearly a year. They are
a lifesaver. I have a very special relationship
with my pharmacists (out of state) and even
my doctor is impressed and in touch with
them. I would hate to see this interrupted.
No one (pharmacy) in my area does this.
Please do not take this option away from us.
